EXPERIENCE

Design Director

2022 – PRESENT

AMSY Classic Co. · AIUla — projects for the Royal Commission for AIUla

- Lead a team of 10 designers and technical staff; 50+ projects delivered on time and within budget, project efficiency up 50%.
- Own concept development, technical documentation, BOQ and site supervision — design intent carried through to the finished building.

SELECTED PROJECTS

Incense Road — urban regeneration linking Old Town and AlJadidah; restored façades, "urban carpet", activated frontages.

Thadek & Salma Geoparks — visitor centers, signage for 60+ geo-sites, UNESCO submission lead.

Cinema AlJadidah — concept and technical documentation.

Bioclimatic Shade — sustainable shading structures.

Winter Park Visitor Center — design, BOQ, structural plans and supervision; shade-driven, heritage-integrated, record delivery.

Anya Live Cooking Experience — assessment, design, restoration and supervision to conservation standards.

Railway Street Renovation, Ph. 1 — design, documentation and supervision.

Music Hub — assessments through method statements.

Design Manager

2021 – 2022

AMSY Classic Co. · AIUla

- Managed design teams through every phase, with a focus on site analysis, sustainability and close client collaboration.

SELECTED PROJECTS

Somewhere, Sklt, Circolo, Tawlat Fayza, Starbucks — high-end dining spaces designed and built for RCU.

Shamasan Castle, Abha — renovation of a historic site.

Rose Garden, Jizan — public park renovation concept.

AIUla Old Town — restoration of 14 shops, furniture for 40 shops, full hardscape and landscape.

Ecological Hostel, Rijal Almaa — eco-material hostel integrated with the landscape.

CEO Office, Jizan — workplace interior.

DESIGN SOFTWARE

Revit AutoCAD 3ds Max
SketchUp Marvelous Designer

VISUALIZATION & MOTION

V-Ray Corona Chaos Vantage
Unreal Engine Lumion
Twinmotion Photoshop
After Effects Premiere

AI TOOLS

Midjourney Magnific ChatGPT
Claude Pika

PERSONAL

Full name Mohamed Bider Alskhawy
Born 17 August 1993
Based AlUla, Saudi Arabia

Senior Architect

2020 – 2021

AMSY Classic Co. · AlUla & Aseer

— Led design and documentation for hospitality and civic projects, coordinating directly with construction teams for cohesive delivery.

SELECTED PROJECTS

Dadan Viewing Platform — concept and technical team lead, aligned with heritage values.

Al Nizawy & Bin Suhail Mosques — design and renovation, traditional and modern elements.

Aseer Development Authority, Abha — design and construction.

Rijal Almaa & Sama Abha entrances — gateway design.

Oasis Development — design concept and process management.

Caribou Coffee & Mrs. Simone — design, documentation and construction coordination.

Businessmen Center, Abha — design and construction.

Traditional Market, Samtah — market design.

HOW I WORK

The dream

Concept, storytelling and imagery that sells the idea before it is built.

The stone

BOQ, structure and site supervision — the design survives construction intact.

The place

Heritage handled with respect, and shade, material and climate treated as design generators.
